V. Satellite Symposia at the 23rd Meeting of the ENS

A successful congress with the size of the upcoming 23rd Meeting of the European Neurological Society in Barcelona always needs support and the contribution of many other involved parties, such as the industry. Important components of this meeting's structure are the Satellite Symposia, which take place during the lunch breaks or right after the sessions from Saturday 08 June to Tuesday 11 June 2013. Different topics in various fields of neurology are covered by the Symposia. [More »](#)

VI. 5th European Board Examination in Neurology

The 5th European Board Examination will be held on Friday 7 June 2013 in conjunction with the 23rd Meeting of the European Neurological Society in Barcelona, Spain. Until 2012 the EBN Examination has been restricted to countries of the EU or EEA, Canada, USA and Turkey. From 2013 onwards candidates from all over the world will be accepted for the examination. Candidates from EU/EEA countries need to provide proof by the respective national authority that they are already board certified or eligible for board certification or eligible to sit a national exit examination (if implemented in that country). Non EU/EEA candidates must present a proof of a national accreditation as a neurologist and certification of their training, authenticity of the documents needs to be confirmed by an official body.

VII. ENS Fellowship Stipends 2013

Concerned with the advancement of young, talented, medical scientists involved in neuroscience and experimental neurology, the European Neurological Society has established a Fellowship Stipend Programme in order to put the right researcher, in the right facility at the right time, in order to give he/she the opportunity and means to carry out a research project of his/her own design for a period of between 3 and 6 months. The scholarship is to be held at a host institution in Europe during the year 2013. [More »](#)
